

Core-CT Modernization

Paycheck Modeler

Paycheck Modeler Navigation

New Feature: Paycheck Modeler provides employees with the option to estimate how changes to earnings, taxes and/or deductions will affect their net pay. This feature is found in Payroll, under Employee Self Service.

Welcome

The Paycheck Modeler can be used to calculate a hypothetical check by changing your earnings, and/or deductions, and/or tax withholding status. It will start with the standard earnings, deductions and taxes that normally appear on your paycheck.

To start, you must acknowledge and agree that you understand the Paycheck Modeler usage terms and conditions.

Agree to the Usage Terms and Conditions

- The Paycheck Modeler contains confidential information that is intended for Jessica Dempsey only. If you are not Jessica Dempsey, exit the application immediately and notify the Payroll Department.
 - Usage of the Modeler is intended to provide general guidance and estimates.
 - The check generated by the Modeler is not a genuine paycheck. There is no guarantee that you will receive the modeled results.
 - You should not make financial or benefit related decisions based on the modeled check results. This is an estimate only, federal/state tax updates and/or legislative changes could impact these calculations.
- Yes, I have reviewed and agree to the terms and conditions.**
