Overview of Smart HR Navigation Changes

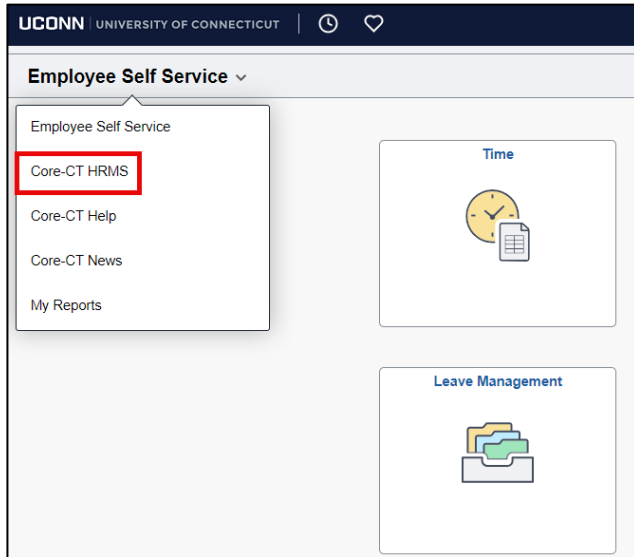

Smart HR Navigation

The Core-CT Modernization project has not impacted Smart HR functionality or the look and feel of the templates. The only change is how to access Smart HR Transactions and Manage Transactions.

Smart HR can be accessed via the Core-CT HRMS Homepage or the NavBar.

The main content area has a title 'Manage Transactions' and a subtitle 'The following people have transactions ready to be processed.' Below this are several filter fields: '*Transaction Type' (set to 'All'), '*Transaction Status' (set to 'All'), 'Effective Date From' (10/07/2024) and 'To' (10/11/2024), 'Employee ID', 'Employee Name', and 'Template' (all with search icons), and 'Manually Completed', 'Workflow Status', and 'Request ID' (all with dropdown menus). A 'Refresh' button is located below the filters. At the bottom, there is a table titled 'Transactions to Process' with the following columns: Select, Transaction Type, Request ID, Workflow Status, Effective Date, Transaction Status, Name, Person ID, Employment Record Number, Action, and Submitted By. The table currently shows one row with a checkbox in the 'Select' column and 'Name' in the 'Name' column.
